IT Courses

CARRIER OBJECTIVE

To get an internship and start to work in the company provides me the opportunity to improve my skills and knowledge to grow along with the organizational objective.

PROJECTS

Recur Emotions
The project is aimed at recognizing the emotional state of a person in crowded places for security purposes. When you approach a special camera, the model determines your face and asks you to tell your name. The script performs the following functions: emotion analysis, breath analysis, speech analysis, eye analysis.
